### TECHNICAL COMPLETENESS REVIEW FOR PERMIT APPLICATION, VEOLIA ES TECHNICAL SOLUTIONS LLC, AZUSA (CAD008302903)

Dear Mr. Hussain:

The Department of Toxic Substances Control (DTSC) has completed the technical review of the RCRA Part B Permit Application dated February 2009, and subsequent revisions incorporated into the Part B Permit Application dated November 2010 (Approved Application), submitted for the Hazardous Waste Facility Permit at Veolia ES Technical Solutions L.L.C. (Veolia) located at 1704 West First Street, Azusa, California (EPA ID Number CAD008302903).

DTSC considers the Permit Application listed above to be technically complete. Based on the information provided by the Approved Application, DTSC has written a Draft Hazardous Waste Facility Permit. DTSC has also written a draft Negative Declaration to comply with the California Environmental Quality Act (CEQA). These documents will be made available for public review and comment during a public review period. If DTSC determines that additional information is needed to clarify, modify or supplement previously submitted material, DTSC reserves the right to require this information from Veolia.
